Honeywell Total Connect™

Remote Services

REMOTE SECURITY, Z-WAVE® HOME AND BUILDING AUTOMATION, VIDEO AND EVENT NOTIFICATION

Stay Connected and in Control

Honeywell

Honeywell

ON THE GO AND IN THE KNOW!

With Honeywell Total Connect™ Remote Services, you can stay connected and in control of your home or business whenever you want, wherever you are. Control your security system, receive important alerts and true system status in real-time. You can also view live video and remotely control Z-Wave® enabled thermostats, lighting and locks* on the same mobile devices you use each and every day. Isn't it time to get connected?

Ask your security professional for details today!

Automation and Energy Management

When combined with Z-Wave enabled devices, Honeywell Total Connect™ Remote Services can help you save money and enjoy a safer, more comfortable lifestyle. Whether you're away, on vacation or at the office, you can control your lights, thermostats and locks from your PC, smartphone or any compatible web-enabled device.* You can even set scenes and schedules for energy savings, ambience and convenience. Total Connect is the way to turn your smartphone into a smart home or business!

Video Solutions

With Total Connect Video Solutions, you can view live video and receive images of specific activity occurring around the interior or exterior of your home or business from any remote location.

- Great way to keep an eye on your kids, babysitters, elderly relatives, pets, contractors or employees
- Look in on your home or business whenever you want—with or without a security system!
- View live video on up to six cameras at a time
- Specify the exact type of events you want to be notified of and receive video alerts and pictures in real-time
- Manage and view multiple locations over a secure network with one login—great for business owners or customers with vacation homes or investment properties

*LYNX Touch 5100 required.

Event Notification

Wherever you are, you can receive email alerts about important activities and events occurring at your home or business, including:

- When the security system has been armed or disarmed
- When a safe, gun or liquor cabinet has been opened
- When your child arrives home from school or if they don't arrive home by a certain time
- When doors to restricted or hazardous areas have been opened
- When a flood or extreme temperature change is detected
- If motion is sensed in a protected area indoors or outdoors
- If a valuable object is moved indoors or outdoors
- If events do not occur as scheduled

Remote Security

- Remotely arm, disarm or check the status of your security system
- Intuitive prompts and graphic icons make operation a snap!
- Access up to 100 locations with one login
- Multiple account capability—great for vacation homes or franchises

*LYNX Touch 5100 required for Z-Wave devices.
